PROGRAM AUDIOLOGIST

Are you looking to make a difference? Join our non-profit organization where the focus is on service, not sales. Work to improve the lives of Native Americans in diagnostic and dispensing audiology for pediatric through geriatric populations. You'll serve people in communities with much history and culture in unique parts of New Mexico and Colorado. It's a great opportunity to do good in a collaborative environment with other audiologists, medical providers and health care technicians. Overnight travel is required, typically one overnight trip per week. A company-leased vehicle is provided for travel/work purposes.

We are close to Santa Fe and Taos ski areas, and our city and state have year-round outdoor attractions, plus the annual Balloon Fiesta!

Qualifications:

- AuD preferred but Master's level considered.
Due to the unique nature of this position, at least two years' post-graduate experience required.
- Diagnostic and dispensing experience with all ages.
- New Mexico licensure or eligibility.
License and professional dues paid and paid continuing education opportunities.
- Ability to pass Federal* pre-employment fingerprint and background check and possess a clean driving record. (*Note that this is not a federal position).
- Ability to obtain and maintain medical staff clinical privileges.

The selected candidate will have excellent clinical skills, the ability to work autonomously and the desire to improve the quality of life for underserved populations.

We provide a competitive salary (no commissions!), health and life insurance, paid time off, vehicle for work use and more!

If interested please send your resume to Mr. Chris Atkinson, Audiology Program Manager, AAIHB, 7001 Prospect Place NE, Albuquerque, NM 87110. (Native American preference in hiring will be extended).
