

STRENGTH

Protecting our children safeguards
our present and future

Everyone ages 6 months
and older can get
vaccinated against
COVID-19.

Getting a COVID-19 vaccine:

- Is safe and effective.
- Can help keep your child from getting seriously sick if they get COVID-19.

For more information about
children and COVID-19 vaccines,
scan this QR code:

Contact your local IHS, tribal, or urban
Indian health care facility or pharmacy for
more information on getting vaccinated.
